

## **Offshore marine vessel operators with a modern fleet of new built AHTS and Construction Maintenance Vessels.**

PMA combines the strength of its owners, Petra Perdana Berhad ([www.petra.com.my](http://www.petra.com.my)) and TUCF ([www.tucf.com.au](http://www.tucf.com.au)), to offer clients a modern fleet of vessels backed up by strong management, marine knowhow and advanced safety and quality systems.

Petra provides PMA with a modern fleet along with corporate strength, technical and operational support. Malaysian based Petra Perdana is an owner and operator of a substantial fleet of offshore support vessels through it's wholly owned subsidiary Intra Oil Services. Petra is enhancing its fleet with a new building programme delivering another twelve AHTS vessels from 5,000 to 12,000bhp between 2007 and 2010.

Australian marine & commercial diving training company TUCF provides local knowledge, administration and logistics along with experienced individuals in the offshore marine industry and upstream oil and gas industry.

**Let our modern fleet and local knowledge safe-guard you offshore.**
